DESCRIPTION

Low Voltage plug-in Class 2 electronic transformer designed to be used as a plug-and-play style transformer. Contains an on/off toggle switch at the base and a 72" detachable cord with an open splice. Inherently protected and power limited, protecting the lighting system from both normal and abnormal short circuits. Built-in auto reset, soft start, short and overload circuit protection features. The soft start delayed start feature extends lamp life by delaying the abrupt inrush current to the lamp. Ideal for WAC Lighting under cabinet systems.

FEATURES

- Includes 6' cord and five SL-WC-1 plastic wire clips
- Non-Dimmable
- Built-in auto reset, soft start, short and overload circuit
- 5 year warranty

SPECIFICATIONS

Construction:	Polycarbonate
Input:	120 VAC, 50/60Hz
Finish:	White
Operating Temp:	°F to °F (°C to °C)
Standards:	UL, cUL, Dry Location Listed

FINISHES

White
